Shady Banks

President's Message

Dear Shady Banks Family,

I hope everyone had a lovely Holiday season and enjoyed our most recent Potluck Train Ride Event to close out 2018! It was very well attended—an amazing turnout of over 100 neighbors came by with delicious dishes to share with one another. Thanks to everyone who helped put this event together, and a special THANK YOU to the City of Fort Lauderdale who helped set up, provide us with a Santa suit, Christmas tree and decorations.

At our December 12th neighborhood meeting, our District 4 Commissioner and Vice Mayor, Ben Sorensen spoke and reported on a variety of subjects and a wealth of information was given about what's to come for Fort Lauderdale's future.

As for our wonderful Shady Banks community, we are planning a tree dedication ceremony in the next few weeks. Keep a lookout for the time and date posting on the Nextdoor site soon.

I am also very happy to report that the City's Transportation and Mobility Department has agreed to install another solar-powered speed-radar in our community very soon.

Our Marina Advisory Committee did an excellent job working out the necessary agreements with the developer of the proposed marina.

Through another SIG Grant I applied for last year with the City's GYR Program, we received much needed funds to help us with our annual expenses.

Lastly, after a long wait, we will see new decorative neighborhood street signs in 2019 with an NCIP grant I worked to obtain for Shady Banks. Thanks to City's Neighborhood Support section for their help with this grant.

Wishing you a very Happy, Healthy and Harmonious New Year 2019!

What's your one thing?

“If everyone would do one thing to improve the environment every day, our world would be a better place to live in.”

We recycle pretty much by rote but do you have that one thing that is a must do? I confess to occasionally not being as conscientious on separating out recyclables but I never forget to snip the rings on those plastic bottle/can holders.

This website addresses some stuff we already know, but not everything is a rehash. Examples: Will climate change impact the world's beer supply? Find out where to recycle just about anything. Volkswagen to launch groovy new electric VW bus.
